Resubmittals for the June/July/August quarter:

2 Suffolk County cases for retest by a chemist who would be available for court (approved by JN)

4 Suffolk County cases for chemical analysis of Class E pills

14 Bristol County (ATF) cases for cocaine base identification

Sharon---I assume you're all set for the #cases/#samples info that Julie needs as you have access to both Amherst and Boston databases. I've sent you the Boston court data as well, let me know if I can help with anything else.

Thanks,

Betsy

Hi – Sorry for the very short notice but I just realized that the Forensic Science Board Advisory Committee is meeting on Wednesday afternoon. Is it possible to get stats (#, cases, # samples received, # cases, # samples tested for June, July & August) and court data for the same time period. Betsy – number of resubmittals, by Tuesday COB?

Thanks Julie
